GOOD TO KNOW

Common questions

Can you work around our business hours?
Yes — work hours follow your building / property-management rules. After-hours or weekend work is available at additional cost if requested.

How are changes handled?
In writing. Any change to scope, price or schedule is a signed Change Order before the work is done. Field or email instructions are not change orders.

How is the project paid?
Through a draw schedule tied to milestones, as stated in your proposal and contract. Retainage, where used, is released at substantial completion.

Will you provide insurance certificates?
Yes. We carry general liability and workers' comp and provide a certificate of insurance on request.

How will we hear about problems?
Right away. RFIs, schedule changes and code issues are reported immediately, and reviewed at the weekly progress meeting.

What isn't included?
Typically architectural / engineering fees, hazardous-material abatement and specialized systems unless specified. Your proposal lists every exclusion.

What is the Checks & Balances sheet?
A one-page record kept on site: each stage is dated and initialed by your PM and reviewed by our office.

Written warranty
Workmanship warranty: 1 year from completion, plus manufacturer warranties on materials. Your warranty certificate is issued at closeout. Roofs: 5 years. Coverage starts at Substantial Completion. To file a claim: (901) 585-0944 or office@grayco-cs.com — we respond within 24 hours.
